givebacks
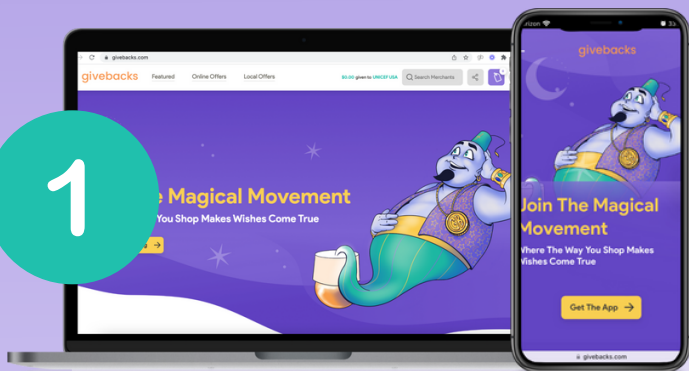

Become a backer

Give Givebacks a try! Follow the steps below to see just how amazing it is.

①

Sign up for Givebacks

Head to givebacks.com, choose your cause to support, and create your account.

Pro tip: shop on your phone a lot? Sign up that way! Mostly shop on your computer? Head to your desktop to create your account. <u>Make sure you add the browser extensions</u>. You need those to earn cashback online!

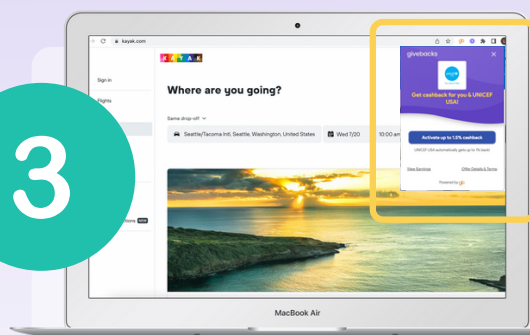

②

Securely link your card

Did you add your credit card(s) during onboarding? Great! If you didn't, head to your profile page to add it now. This is how you'll earn cashback for in-person shopping and dining.

Pro tip: Head to the Local Offers page in your Givebacks account to see which local restaurants and retailers are donating to your cause.

Activate the extension when you see it!

③

Earn cashback!

Once you have added the browser extensions, go shopping to start earning cashback and send the $5 bonus to your cause.

Some great places to earn cashback: Walmart.com, Sephora.com, Walgreens.com, Kayak.com, Ticketmaster.com, Macys.com, and so many more including local retailers and restaurants! *Note: participating retailers subject to change*
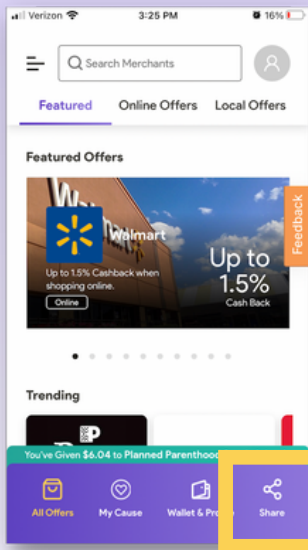

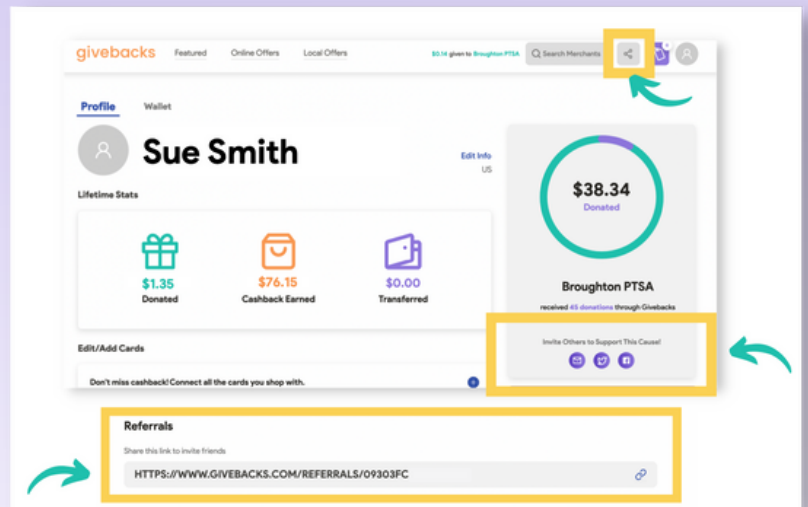

givebacks

It's time to share

You'll get $5 for each new active backer you refer! That can really add up.

The sky's the limit, but if you get 10 of your friends to join and start earning cashback for themselves, you'll get **$50** on top of what you're already earning. Plus, you and your friends will be making the world a better place!

On desktop, find your personal referral link in multiple places on your profile page.

On mobile, simply tap on the share icon at the bottom right.

Sample text message or email

Would you consider joining Givebacks? I'm supporting [your cause] through my everyday purchases. Every time I shop, my cause gets a donation from the business, and I get cashback. I'm trying to get 20 people to join and support [your cause], too. It's a win-win! [Add personal referral link]
